

Warning

Lead Hazard

Access To This Area is Restricted

Unauthorized access to this area may result in exposure to lead and cause the spread of lead contamination.

This area shall not be considered safe for re-occupancy until after final clearance cleaning has taken place and clearance lead dust wipe results are at acceptable levels as outlined in V.S.A. title 18, Chapter 38, Vermont Regulations for Lead Control Table 2.5.2.2

For questions about access to this area, please contact the following:

Vermont Dept of Health (802)865-7784

Vermont Housing & Conservation Board (802)828-5064

Abatement Contractor : _____ Ph: _____

Date Cleaned: _____ Date Tested: _____

Tested By: _____ Ph: _____

Clearance results are generally available the next business day after testing. Clearance failures will require additional cleaning and sampling.
